

IRESS MARKET TECHNOLOGY SELECTS TULLETT PREBON INFORMATION FOR MULTI-YEAR DATA PROVISION AGREEMENT

Sydney, Australia, 29 October 2009 – Tullett Prebon Information, one of the leading global suppliers of over-the-counter financial data, is pleased to announce that it has been selected by IRESS Market Technology (“IRESS”), the market-leading provider of integrated data and technology solutions in Australia and New Zealand, to provide a range of domestic and international money market, interest rate and bond data in a multi-year agreement.

Tullett Prebon Information will provide its high-quality, independent data to IRESS’s client base via its well-established network of terminal-based services, including IRESS and webIRESS. These services are used extensively by professional market participants including equity traders, wealth managers, financial planners as well as private investors.

Andrew Reeve, Regional Manager Asia Pacific at Tullett Prebon Information, said:

“As global OTC markets evolve, the requirement for independent, sophisticated pricing data is ever more important. We have seen demand growing strongly in global markets and notably in developed financial markets, such as Australia, New Zealand and Canada, and are delighted that Tullett Prebon Information has been chosen by IRESS to provide independent financial information to their customer base.”

Andrew Walsh, Managing Director of IRESS Market Technology, said:

“We are extremely pleased to be working with Tullett Prebon Information to deliver high quality, real-time OTC interest rate data to our clients. We hope to build on this relationship as we expand into other markets globally.”
